Guidance

- The Governor and CDPH, released guidance (<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Guidance-on-Closure-of-Sectors-in-Response-to-COVID-19.aspx>) directing counties that have been on the County Monitoring List (<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/COVID19CountyMonitoringOverview.aspx>) for three consecutive days or more to close indoor operations for certain sectors which promote the mixing of populations beyond households and make adherence to physical distancing and wearing face coverings difficult. The guidance applies for a minimum of three weeks and is subject to an extension based on epidemiologic indicators. These sectors may modify operations to provide services outside or by pick-up. In addition, all brewpubs, breweries, bars, and pubs in these counties must close immediately, both indoor and outdoor. County Reports (Reported by MHCC)

Inyo

- If Inyo County exceed the reopening metrics proposed to the state in May and continue to do so for three days, all bars will be immediately closed.
- Fourth of July Reminder: At this time gatherings of any size with individuals outside of your household are not permissible under California's Stay-at-Home Order. All picnics and barbeques are to include only household members and should take place at home or close to home. The fireworks shows in Bishop and Independence for 2020 will be modified to be "Stay-at-Home Shows." This means that no central viewing areas will be provided or available. Instead the public is encouraged to enjoy the 2020 fireworks shows with household members from their yards.

Lake

- Mobile Testing Sites: Funding for testing support is available through the end of August. New testing site expanded to Upper Lake every other week.
- Contact tracing support and a supply of Remdesivir have been requested of the state by Public Health.
- Upcoming Lake County celebration plans have been scaled back to prevent spread of COVID-19; community is encouraged to use masks and social distancing.

Marin

- Marin County continues to run SQ outflow of patients as a Mass Casualty Incident (MCI) to distribute patients to Marin hospitals. With the expected 10 per day needing transport and SQ unable to find inter facility transfer beds, Marin will need to start distributing these "911" patients to area hospitals. This will not necessarily be an issue of "Do you have an Intensive Care Unit bed available?" but rather, we have a patient from our MCI coming to your emergency department.

San Francisco

- On June 30, 2020, Mayor London N. Breed and City officials encouraged San Franciscans and Bay Area residents to celebrate Fourth of July weekend safely to limit the spread of COVID-19. Residents are reminded to follow all San Francisco Public Health Orders, including the requirement to wear face coverings and stay at least six feet apart, if they leave their homes or visit San Francisco.
